When I drop, wait, keep that energy that you had
When I pop, wait, I'ma change my number, switch the pad
You an opp, wait, caught you moving wrong in the past
You an opp, wait, that's why we don't fuck with your ass
When I drop, wait, keep that energy that you had
When I pop, wait, I'ma change my number, switch the pad
You an opp, wait, caught you moving wrong in the past
You an opp, wait, that's why we don't fuck with your ass

Hey, I'ma disappear, like, "Where he at?" (Where he at?)
I'ma disappear, like, "Where he at?"
I'ma disappear, like, "Where he at?" (Where he at?)
I'ma disappear, like, "Where he at?"

Sneaking out my momma house to throw my own party
Yeah, my best friend, he shot up my own party
