Like Soulja Boy got stacks on deck
She too young I'ma pass her to tec
New bitch let a nigga smash like melee
Her old nigga a square Wayne Brady
I got racks nigga call me 80
Smokin in 80 since I was a baby
Steal yo bike and I spray paint it
I'm from the concrete you from the suburbs
My pockets thicker than peanut butter
Feel like the Wayans I need my brothers
Chain too cold bet she'll need some covers
She come home with me need rubbers
Send her home she live with her mother
I'ma hero to her baby brother
Color Purple like I'm Danny Glover
My money talk it's funny it stutter

When I swerve in a Rover it beat like a bomb

I see the future I can read my palms
Nigga played out like CD-ROM
We get high like Cheech and Chong
Purple shit yea it look like a plum
Suck on it yea she speaking in tongues
How you got bread but speaking on crumbs
My chain too bright yo shit dumb
Got some SOSS better get you some
Runnin it up til my legs get numb
Say he a Rockstar really a punk
I got that bass she shaking the trunk
I got that bass she letting me thump
Letting me beat like some African drums
Ballin so hard like I play And1
Bout my bread yea bout my buns
