

Matilda

Pi'erre Bourne

Fucking on your hoe, you didn't know
Kept it on the low, we're exposed
Somebody ho, swole ho
Baby watch your teeth or I'ma kick you out the sheets
Throwing up that pyramid, like I am a sphinx
I can really deal with her, she gon' last for me
Knowing that I'm on, I feel like Master P
I can put you on, get this work from me

People touch me, when I go too deep
Baby spread ya cheecks, arch your back for me
She sucked the whole thing
She do it no hands, like Matilda
And I still don't know the real her
But I feel her, I been feelin her
I be drilling her, hey I be killing her
She say I'm silly bruh
Hey, I really wish you were still around
Yeah I know you were trippin bout the shit you found
Yeah Im sorry all the hoes that I had around
Yeah I'm sorry all them hoes had the Pi'erre smell

Fucking on your hoe, you didn't know
Kept it on the low, we're exposed
Somebody ho, swole ho
Baby watch your teeth or I'ma kick you out the sheets
Throwing up that pyramid, like I am a sphinx
I can really deal with her, she gon' last for me
Knowing that I'm on, I feel like Master P
I can put you on, get this work from me

Thousands on me, I keep Benji's
Yeah I'm counting up ooh, Sesame Street
I whip it up smooth, I'm the recipe
Ya'll Billy Cosby you saying doubtish things
Shit I feel like Gio do, you ain't hard as me
I got all the tools, give em Vitamin D
None of these R&B, yeah I'm sorry
Don't worry bout' me

Fucking on your hoe, you didn't know
Kept it on the low, we're exposed
Somebody ho, swole ho
Baby watch your teeth or I'ma kick you out the sheets
Throwing up that pyramid, like I am a sphinx
I can really deal with her, she gon' last for me
Knowing that I'm on, I feel like Master P
I can put you on, get this work from me
