Pi'erre Bourne

Yo, yo Pi'erre, you wanna come out here?

Get caught with these pistols, I'm goin' to prison (Yeah-yeah-yeah)  
She'll take the charge for me and sit in the system  
Hands on with the pussy, I'm hittin' her sister (Mhm-hmm)  
Hands on me, that fully auto gon' be kickin' (Kah-kah-kah-kah)  
Kicked her out right after I finish  
I told her I do not consent, don't take pictures (Don't do it)  
A lot of money bags stuffed in the mattress  
Let's count up. Who go the fastest? (Racks, who go the fastest?)  
She wanna fuck on me, suck on me, cool, I just sent her ass the address  
I flip out the stock on the AR (Fah)  
He thought it was magic (Fah-fah-fah-fah)  
I put that lil' ho in a red-eye flight, first class for a baddie (Woo)

Police pulled me over and they found the beverages, I was just bein' too negligent  
I booked a room for me and your ho, she like to wear all my necklaces  
She wanna know how she did when we was wrestlin'  
I told her, "That shit was excellent"  
You can tell I get money, it's blatantly obvious, I do this shit effortless  
Didn't bust on her face, her skin was too sensitive, she'd rather swallow the evidence  
All money, the Benjamins in powder blue, I spent the whole fifty in February  
I crashed the four-door and I went, got a coupe, they said I was legendary  
They smoke out the bag like that boy Uncle Snoop, FN's in the car so I'll never worry

(Yeah-yeah-yeah)

She know that I got it, she ask me for Dior, I said her ex-nigga a peon  
Runnin' routes and sex like Dion, I sent her back in a Nissan  
She know I got a main bitch, so every Sunday I pray to God she won't speak on it  
A lotta arms in the car that I'm drivin', got a FM with no sleeves on it  
I gave these kids a few hunnid, he had my location, he didn't do nothin'  
I took a loss in the middle, so I lined up a lick, shit, I had to recoup somethin' (Damn)  
Whole kilo, all gold on my neck, always pick up collect when they call from corrections  
She givin' me neck in the stall of the bathroom, now she stalkin' me, obsessive
