Couple bags, in the backend all up in the trap (where the bags)  
Got a nigga buying pistols, right across the map

Where the bags at, I'm shooting dice up in the trap (dice)  
Where the cash at, my niggas rob you for your bags  
I ain't talking to you, unless you got some tits and ass (god damn)  
Fucking up the money, now I'm bout to fucking spazz  
Got a play for a nigga, with all types of straps (40, 40)  
I could meet you in the guts, I'll send it across the map (just pull up)

Nigga say he trap, but his phone never ring  
Plenty bells of this gas, weed  
Four hundred forty eight grand, that ain't shit to me  
And these chains on my neck, feel like Mr. T  
In my trap house, jumping niggas every week  
And your bitch call my phone, cause she fuck with me  
I just give that bitch some dick and let her smoke my weed  
I'm a villain but that 30 ride under seat
