

Filth Healer

PIG

Ease that tension
Let's f*ck apprehension
With your anal retention
You're getting quite exponential

Prime groover
You're my mover
'Cause I blew you
My crime user

Ease that tension
Let's f*ck apprehension
With your anal retention
You're getting quite exponential

I've got faith, you've got filth
I've got tunes, you've got rules
I've got a cure, you're in reach

Shut up, baby, now do not preach

Do not preach
Do not preach
Do not preach
Do not preach

Prime groover
You're my mover
'Cause I blew you
My crime user

Do not preach
Do not preach

I've got faith, you've got filth
I've got tunes, you've got rules
I've got a cure, you're in reach
Shut up, baby, now do not preach
