

## Sex & Death

PIG

Sex and death is all we know  
It's how we come and how we go  
Ich will Schmerz  
Du bist Gott  
Finde mich  
In Sex und Tod  
Sex Death  
Sex Death  
Sex and death is come and go  
The flesh and blood red rodeo  
Sex and death is come to feed  
Sacrifice with your dirty seed  
I took the hand and I begged for mercy  
I took the dirty dollar and I begged for more  
The perfect god of all forgiveness  
Will rip and rage and whip you raw  
Jesus I have sinned regardless  
With the sick and slaves to darkness  
Wooed by shepherds' lamentations  
And your faithless congregations  
With your highwire vampire fire  
Ride the coattails of desire  
Fed by filth and discipline  
Light your nitroparaffin  
I read the atlas of the damned and offered up my  
Blood soaked hand  
To the death mask kiss and guillotine  
Chewing rubber on methamphetamine

I see Johnny's on the juice  
With a Bowie knife and a golden goose

Lie lie on a lulu moon  
There's a ghost waiting in your room  
I see Johnny's on the juice  
With a Bowie knife and a golden goose  
Lie lie on a lulu moon  
There's a ghost waiting in your room  
There's a ghost waiting in your room  
There's a ghost waiting in your room  
There's a ghost waiting in your room  
There's a ghost waiting in your room  
I raised my gallows like a steeple  
Put Semtex halos on the people  
The alter is my concubine  
Battlefield and borderline  
Ich will Schmerz  
Du bist Gott  
Finde mich  
In Sex und Tod  
Ich will Schmerz  
Du bist Gott  
Finde mich  
In Sex und Tod  
Sex Death  
Sex Death  
Is all we know

The come and go  
The flesh and blood  
Red rodeo  
I see Johnny's on the juice  
With a Bowie knife and a golden goose  
Lie lie on a lulu moon  
There's a ghost waiting in your room  
Sex Death
