

Viva Evil

PIG

Evil eats what evil needs
Evil needs what evil sees
Evil sees and evil pleads
Evil seeks what evil needs
Evil knows and evil grows
Evil hopes and evil copes
Evil lies and evil dies
Evil's born and then it thrives

Evil's got lucky
Evil's got style
Evil needs to pick you up once in a while
Evil's got me hot but I'm sweating and cold
Evil's got shot and the pick of the lot
Evil

Evil likes it hot and hard
Evil needs the lust and love of the lard
Evil will blow you the sweetest breeze
That drags you down on your knees

Evil

Evil
Evil

Evil likes jumping
Keeping up with your jonesing
It's all looking good like a bed of roses
Evil makes you lie, you and Evil get wed

Now you ain't getting out of it until yo're dead
Evil likes pumping, Evil likes pimping

Evil likes the blood that you can't stop drinking
Evil's got a bride called suicide
Evil gets hated but it's so overrated

Evil keeps you waiting, wishing and licking
Evil is the fear that you can't stop kicking
Evil will thank you and drink you dry
Is in you and me and says... goodbye
