

## When I'm Done

PIG

Are you bringing me in?  
Are you taking me out?  
Are you taking me in?  
Are you taking me out?  
Are you bringing me in?  
Are you taking me out?  
Are you bringing me in?  
Are you taking me out?

The scales will fall from my eyes  
Reload me with one surprise  
Destroy my dirt and burn me clean  
Save me  
Save me be my sweet gasoline

Reload me with one surprise  
The scales will fall from my eyes

With your blunted knives  
Numbed out bliss never lies  
Hunger soon tames you tongue

You'll thank me when I am done  
Are you bringing me in?  
Are you taking me out?  
You'll thank me when I am done  
You'll thank me when I am done

When I'm done  
The scales will fall from my eyes  
You'll thank me when I am done  
When I am done
