

## As We Know It

Pigeon John

It's the end of the world as we know it  
It's the end of the world as we know it  
It's the end

What up Jesus? What up my nig, my man?  
Can I ask you couple questions 'bout the whole dang plan?  
Why the Holocaust, why the slavery?  
Why the Crusades in the name of bravery?

Why you let little girls get molested, dog?  
I mean, God, I mean you know what I mean is all  
And the fall of Adam and Eve is all it took  
To leave the whole human race lost and shook?

That don't make sense, it don't feel right  
But I can see your whole face up in the moonlight  
Dang, you look crazy, you make a nigga wanna cry  
You hold the whole ocean in your eyes  
Are you crying too?

It's the end of the world as we know it  
It's the end of the world as we know it  
It's the end of the world as we know it  
It's the end of the world as we know it  
We know it so well

What up Jesus? What up my mellow, my man?  
Can I ask you couple questions 'bout the whole dang plan?  
Why the wars? Why the death?  
Why the burning crucifix and the rest?

So much drama, so many stars  
Did you really hang out at the bars?  
I thought you did, you look crazy  
You ever have a bar fight, Patrick Swayze?

No disrespect, dude, why am I sobbing?  
I can't stop stopping, you look like Ab Rude  
And Bill Cosby mixed together  
I can't explain it, I'm freaking mad at you

Why you let it happen like this? I'm asking you  
Why aren't you talking? Answer me  
Every step you take is a freakin' tragedy  
Every step you take is a freakin' tragedy

It's the end of the world as we know it  
It's the end of the world as we know it  
It's the end of the world as we know it  
It's the end of the world as we know it

We know it so well  
La, la, la, la, la, la, la, la  
We know it so well  
(We're flyin')  
La, la, la, la, la, la, la, la  
(We're up in the air right now)

La, la, la, la, la, la, la, la  
(Oh my god, it didn't break)  
La, la, la, la, la, la, la, la  
(We're in the clouds)  
La, la, la, la, la, la, la, la  
(I can feel, I can feel the air on my chest)  
Thank you, J Beits

Excuse me, sir  
What up Jesus  
(Yes?)  
What up my nickel, my man?  
Can I ask you couple questions about the whole dang plan?

Without an answer you stretch out your hand  
With a look in your eyes that you understand  
All the pain all the loss all the confusion  
All the up and the downs are now amusin'  
And I spent all of my life rushin' and hustlin'  
When I could've just been your friend

And it's the end of the world as we know it  
And it's the end of the world as we know it

We're drinking coffee in sun  
All my friends, the old and young  
And it's okay now

We're drinking coffee in the sun  
All my friends, the old and young  
And it's okay now  
It's okay now, it's okay now
