

Everything

Pigface

You need chemistry to get you through the good times
You need love love love to get you through the bad
You need things that you put upon your shelf
You need praise everyday to make you feel good about yourself

You need everything
I need you

Break my body

You need to be cool
So you make me so hot
You need to make me idiot so you can be not
You want to be fragile so I'm easy to break
You're all about corrections baby
I'm all about mistakes

You need everything
I need you

You need image to put me in the picture
You need permanent like you read it in a scripture
You don't want to change any description
You want same same like like and all the prescriptions

You need everything
I need you

You're all about acceptance
I'm all about deny
You're all about charbroiled
I'm all about fry

You need pharmaceuticals
To make you feel beautiful
You need everything
