

Sun Poisoning

Pile

I'm right at home
Sleeping on the sequins of my demon's cum
It makes me shake
When I'm in my bed
Leaves me awake covered in sweat
I'll beg if I have to
Oh please just stay so I can watch you
Oh holy beast
I'm on a knee
Wrap around my throat make me dizzy
I need your time to lighten mine
I'll be your worm if you'll be my eyes
I have become cold and dry
My demon found a new guy
Learned to spell and then he let the name die became a snake th
at's colored white and it grows its own legs to walk itself int
o
Demon's private beach where the ants all walk all over me I let
them roam I let them eat and in the sun I've got a place to sl
