

## Bad to Me

Pilot

You've been bad to me  
Can't you see  
I told you so  
We don't get on you know  
You have lost your way  
And now you say  
You won't let go  
We can't go on, you know

You come out to see if I'm at home  
You call me on the phone  
You won't leave me alone  
I can see our love has lost its way  
And there's nothing left to say  
It's got to end this way

You've been bad to me  
Can't you see  
I told you so  
We don't get on you know  
You have lost your way  
And now you say  
You won't let go  
We can't go on, you know

You would say  
You'd never go away  
And love was here to stay  
Forever and a day  
I was through  
But you were always coming 'round  
And trying to pretend  
Your love would never end

You've been bad to me  
Can't you see  
I told you so  
We don't get on you know  
You have lost your way  
And now you say  
You won't let go  
We can't go on, you know
