

First After Me

Pilot

You can come first after me
Don't worry about the way it could be
Oh no boy
I can see the sun go down
Don't you worry about the way I frown
Oh no boy, oh no boy

I can catch a sunny day
I can catch it when I'm far away
Oh no boy
Don't you think I've made you so proud
You're no longer just a face in the crowd
Oh no boy, oh no boy

You can come first after me
Don't worry about the way it could be
Oh no boy
I can see the sun go down
Don't you worry about the way I frown
Oh no boy, oh no boy
