

Lovely Lady Smile

Pilot

Little girl
Won't you turn to me
Yes, I'd like you to see
The way it can always be

Here's a song
For the love that you give
And the life that you live
But living is more than a song

Lovely lady smile
You make my life seem so worthwhile
I like your style
Anytime you're near
It feels so good to know you care
You're everywhere

Puedes ser la vida de mi
Casi siempre conmigo
Un besito por favor, y tal

Lovely lady smile
You make my life seem so worthwhile
I like your style
Anytime you're near
It feels so good to know you care
You're everywhere

Lovely lady smile
You make my life seem so worthwhile
I like your style
Anytime you're near
It feels so good to know you care
You're everywhere
