

Lucky for Some

Pilot

Don't have a fortune
Just a happy new day
Happy to know things are going my way

Never be lonely, never had time
Time is the one thing that so hard to find

Reaching so hard for a start
Beginning to think it's too far

Never be left in the cold
Lucky for some so I'm told

Only a story, only a song
Something to do while life rolls along

Happy when working, peaceful in sleep
Pray for the savior, my soul to keep

Never be left in the cold
Lucky for some so I'm told
