

Reason

Pilot

I got a feeling I love you
I can't explain it but it's there
I never needed any loving
But now, the sunshine's everywhere

Oh, won't you please
Tell me the reason?
The reason why
Your eyes are blue

I lie at night
Just thinking of you!

You look appealing, inviting
The way you talk
And talk to me

My head is spinning
I'm so dizzy
But what I see
Will never be

Oh, won't you please
Tell me the reason?
The reason why
Your eyes are blue

I lie at night
Just thinking of you!

(Ah yeah!)

Doo be doo...
Na na na...

Oh, won't you please
Tell me the reason?
The reason why
Your eyes are blue

I lie at night
Just thinking of you!

Oh, won't you please
Tell me the reason?
The reason why
Your eyes are blue

I lie at night
Just thinking of you!

(Ah)
