

Running Water

Pilot

Running water
Can't you tell me where you go
Running water
I'm not old enough to know

But I believe in what is often told
That all the glitters is not gold
Oh no, oh no

Running water
Can't you tell me where you go
Running water
I'm not old enough to know

And I know that people break your heart
They run you down before you start
Oh no, oh no

So can you tell me why your life goes on
Is it yourself that you run from
Oh no, oh no
