Steps

Pilot

Steps along the way
Steps along the way
Making up your day
Making up your day

Have you ever been down
Deep depressions confound me
Did you ever feel like falling from the top

Do you ever get high
Super human am I
Don't they say that happiness can make you cry

Steps along the way
Steps along the way
Making up your day
Making up your day

See the things that you've got
Think of those who have nothing
Don't they make you realize your luck is in

No one treats you too bad
No one makes you feel sad
Did you really need the things you might have had

Steps along the way
Steps along the way
Making up your day
Making up your day
