

There's A Place

Pilot

I'll give you love when you're feelin' bad
try to give more than you ever had
so let me know that you're lovin' me alone

I'll give you love when you're feelin' down
I've got more love than you'll find around
Another lover won't treat you like I do

'Cause there's a place for you
in this lonely heart
Do you wanna know?
Yes, there's a place for you
in this lonely heart
Do you wanna go? Oaho ohhh...

You're all I need when I'm far away
You bring the sun to a cloudy day
If only I could be sure that you would stay

'Cause there's a place for you
in this lonely heart
Do you wanna know?
Yes, there's a place for you
in this lonely heart
Do you wanna go? Oaho ohhh...

Solo

'Cause there's a place for you
in this lonely heart
Do you wanna know?
Yes, there's a place for you
in this lonely heart
Do you wanna go? Oaho ohhh...
