

To You Alone

Pilot

Paton

Never hurry, never hide
Never pass me by
You and I could find a love within
I'll be yours and you'll be mine
Together all the time
It's getting hard to live without your love
* It was you,
You made me fall in love
When love was new
I could find the time
To get to you alone
Alone tonight and
Love, love, love
Are you blind
You and I were meant to be
Together all the time
Never mind the love you left behind
Repeat *
Tell me something, is it true
I belong to you
You and I could live our life alone
Never hurry, never hide
Never pass me by
You and I could find a love within
