

Trembling

Pilot

I'm trembling head to my feet
Ooh I'm weak
Hard shake up, cool make up
Cover this boy with light

I'm changing my smile to frown
Cool me down
Now never forever
Follow this boy around

The image is falling behind
A change of mind
No make up, no break up
Follow this boy around

I'm trembling head to my feet
Ooh I'm weak
Now never forever
Cover this boy with light
