

# You're My No. 1

Pilot

You're my no. 1  
You make me strong  
And help me get along  
Girl, you get me high  
You make me fly  
I need you right or wrong  
Call me, girl

Go girl, oh girl  
You make me sad, girl  
Fly away and out of sight  
Hold tight, over night  
A sad boy, a bad boy  
To me you give joy  
Very soon we'll blaze away  
Hold tight everyday

You're my no. 1  
You make me strong  
And help me get along  
Girl, you get me high  
You make me fly  
I need you right or wrong  
Call me, girl

Oh no, don't go  
You break my heart so  
Walk away, don't see me cry  
Tears fall, wave by-by

You're my no. 1  
You make me strong  
And help me get along  
Girl, you get me high  
You make me fly  
I need you right or wrong  
Call me, girl
