8 Ball big front row  
Guilty or chasing dope  
Sometimes high sometimes low  
Gasoline no glow  
Nigga go and ask your hoe  
She gives away them guts  
I have been around the block bust nuts on to all them sluts  
Handle that with care  
A nigga like big ball is rare  
She texts and talking dirty while she laying with a square  
He paid for her hair  
Display her everywhere  
Or would he be the same if he knew he had to share  
I really don't care  
Weed in the air  
Stop crying like a bitch nigga life ain't fair  
A hoe gon' be a hoe  
I'm a do me for sure  
Every time I get a little bit I want a little more

Them other niggas they ain't on it like I'm on it girl

Candy car in that traffic  
Watch me swang and bang through the gridlock  
Look me dead in my eyes bitch  
See if I'm telling lies bitch  
And don't you be surprise  
When the donkey dick hit you between your thighs bitch  
Disrespecting that macking  
Like its fake and I'm out here acting  
You already know I'm reacting  
With that open hand face smacking  
I'm cracking the code now I can see clearly  
You always show love to those I hold dearly  
Want respect but accept if you fear me  
Keeping it trill if you ain't then don't come near me
