Pimp C

Yeah, I know...

{David Banner, David Banner}

You can blame it all on me, it's cool

Hol' up, bitch!

I've been wastin all my time, jumpin in and out my clothes

I've been wastin all my time, blowin indo out my nose

I've been wastin all this time, fuckin 'round with midnight hoes

I've been wastin all this time, guess that's just how my live goes

Midnight hoooooes!

I flip city to city, see ass and titties

The booty was good but the pussy was shitty

She wanna fuck, I gotta catch my plane

So I can get back to the city and grip on grain

Got a young yella hammer, call the gurl Cocaine

Cause the pussy like dope, swallow it all don't choke

With some red pussy hair, nigga; smell it in the air, nigga

She don't wear draws, I be beatin the pussy walls!

Put in work and make the pussy squirt

This young don't cum 'til she say, "Daddy, it hurt!!"

My piece don't pause, stand up in that thang

When my dick get hard, you see that big ol' ass vein

(Big ol' ass VEIN~!) Hold it open, don't stop

Fanger in ya butt, dick in ya cot

Suck ya toes, I'm gon' shrimp tonight

Dick make you weak like Kryptonite

Her face was cute, but her pussy was cuter

See her with another nigga, all I do is salute her

Couldn't defeat her, the bitch was a skeeter

Squares on the Facebook just dyin to meet her

So I took her to dinner, the bitch was a winner

Scoop her like spinach dip every time I run in her

That ass was soft, pass the fork

I ate the pussy like pork, now pass the salt

Naw I'm playin, baby see'm sayin?

You got a nice pad and I'm thinkin of stayin

Feet in the sand, walk in the beach

With my finger in the pussy, never argue with me

"Kitty miss you, finger it up!"

I'm a multi-millionaire, I ain't makin it up (naw)

"Kitty miss you," yeah I'm crankin it up

I'm a multi-millionaire, I ain't makin it up, PIMP!

Yeah, I got 'em on deck

So deep in her mouth, I be all in her neck

Pussy so wet, you can hear it go splash

Drippin down the cut all down in her ass

Bitch so bad, she a prize to a pimp

Ain't even gotta fuck to get paid by a simp

Titties so big, face so pretty

Gotta be top three baddest bitches in the city

Master in the bed, love to give a nigga head

and'll swallow every drop, yep baby go fed

Stone cold freak, she don't never wanna quit  
You can fuck her five hours, she'll still want dick  
Thick in the thighs, waist the right size  
When she walk by, it's too much for your eyes  
First time I cut her was a dream come true  
She had another bad bitch come through too (Thugga!)
