Niggas say that I was tricking and sucking them hoes cock  
Letting them keep half the money, playing the short stop  
I was quarterbacking nigga, putting a bitch out on the track  
Looking to get down for the grind and bring all the money back  
Bitch you got 8,000, you ain't no P  
I get 15,000 for my choosing fee  
The Bentley 200 and the house was a mill  
200 on my neck and I'm working wood wheel  
Tell me how you feel, when you see a pimp shine  
Your bitch in your cover got my dick on my mind  
Slick on the grind got what them hoes like  
Smell good dick good, she Tina, I'm Ike

Nigga, the numbers in my bank account longer than a Limo  
If you ain't getting bread you must didn't get the memo  
All my cars off the showroom floor, I don't test drive  
My new shit ain't got no roof and the doors suicide  
If you try me then it's suicide, goons open fire  
Everyday is Halloween nigga, their go Michael Myers  
Masked up to get his cash up, wake your ass up  
Think you save off in the burbs, 'til you get your ass touched  
All this money, overflowing, I can't even walk  
Stepping in the bank, I'm gonna rip the vault  
I got some cash, I can't hide that shit  
Just see, what I wanna go buy that shit  
Your girl on my nuts want to try my dick  
And she spit back that shit, I'm gon' fire this bitch
