

## Intrusion

### Pin-Up Went Down

See them hide under my bed  
Hear them laugh and speak and plot!  
I don't want to disappoint them,  
I don't want to grief their joke, they seem so busy...  
Little monsters under my bed  
But my bed is so empty  
You know  
I should keep on hiding the truth  
I should keep on letting them play

Heeey! See them hide here under my bed!  
I don't want to disappoint them  
They are so wicked numb!

Little monsters under my bed  
But me bed is so empty  
You have to know  
I died so many years ago.
