

## Light On

Pinegrove

I wanna be better to me  
The better I do I let it leave me  
Now the way that I see it  
Everything begins in your light  
Your center

So leave your light on  
Leave your light on  
Or leave

I wanna be better to you  
I wanna do much better  
And I wanna read your letters again  
I wanna learn you forever  
Forever

So leave your light on  
Leave your light on  
Or leave

Yeah, leave your light on  
Leave your light on  
Don't leave
