

## Need

Pinegrove

It's a long way  
Through the cold day  
Why do I need  
Besides what I  
Recoil and lay besides  
Why do I need that  
I drank too much  
She thinks I think too much  
What do I need  
That's not a part of me  
Do I care about my brain  
Remembering everything?  
I remember everything
