

## So What

Pinegrove

But so what?  
So much, so what, so overdrawn  
Everyone you meet along  
Suffered an ellipsis and it's done  
One day, just one, not too much

Now today  
Eleven degrees on September 10th  
I see what you mean, come on  
October 13th now with Leo gone  
Paterson moves on, but not too much

Your one and only life  
Your one and only mine  
Taking pictures down  
Taking boxes out

But so what?  
Tell it like it is or it's worthless  
The day don't mean as much  
Been enough between it to cover it up  
One day, just one, not too much

Your one and only life  
Your one and only night  
Taking pictures down  
Taking boxes out

But so what?  
So what?
