

# The Narrow Way

Pink Floyd

1. Following the path as it leads toward  
The darkness in the north  
Weary strangers' faces show their sympathy  
They've seen that hope before
2. And if you want to stay for a little bit  
Rest your aching limbs for a little bit  
Before you the night is beckoning  
And you know you can't delay  
You hear the night birds calling you  
But you can't catch the words they say  
Close your aching eyes, be on your way
3. Mist is swirling, creatures crawling  
Hear the roar get louder in your ears  
You know the folly was your own  
But the force behind can't conquer all your fears
4. And if you want to stay for a little bit  
Rest your aching limbs for a little bit  
Before you the night is beckoning  
And you know you can't delay  
You hear the night birds calling you  
But you can't catch the words they say  
Close your aging eyes, be on your way
5. Throw your thoughts back many years  
To the time when there was life with every morning  
Perhaps a day will come when the light  
will be as clear as on that morning
6. And if you want to stay for a little bit  
Rest your aching limbs for a little bit  
Before you the night is beckoning  
And you know you can't delay  
You hear the night birds calling you  
But you can't catch the words they say  
Close your ancient eyes, be on your way
