

I would need a million words
If I tried to define
All the things you mean to me, yeah
For you, I'd die a thousand lives
Special kind of energy
'Cause love is born when hearts collide
Every time you touch me
You remind me that I'm still alive

So promise you'll never change
And I'll always be the same
We'll be dancing the same groove when we're ninety-two
The same as seventeen
And I'll never lie to you
Just don't you hold back on me
I wanna love you as strong when we're ninety-two
The same as seventeen

I don't really know what's right
But I could never call you wrong
I just wanna dance wit' you
Floatin' over marble floors
You're something like an angel
You do something to my mind
I could see a thousand years
When I'm lookin' in your eyes

So promise you'll never change
And I'll always be the same
We'll be dancing the same groove when we're ninety-two
The same as seventeen
And I'll never lie to you
Just don't you hold back on me
I wanna love you as strong when we're ninety-two
The same as seventeen

Just promise you'll never change
And I'll always be the same
We'll be dancing the same groove when we're ninety-two
The same as seventeen
And I'll never lie to you
Just don't you hold back on me
I wanna love you as strong when we're ninety-two
The same as seventeen
