

# Broken

Pink Sweat\$

You wanna see me helpless, it ain't happening  
No need in getting jealous, just get over with  
I'm way more than my body, I got intelligence  
I'm sorry I won't dim light to please your ignorance

You just wanna see me, broken, broken, goodbye  
You just wanna do me open, open from the inside  
Know you wanna see me losing all my mind  
You keep wishing on a star, it ain't your night  
I'll never be broken, broken, goodbye, goodbye

Ooh-ooh, ooh-ooh  
I'll never be broken, broken

You wanna see me falling, the broken wing  
I know you see me floating, but my life ain't a breeze  
You wanna make me crazy, but watch this elegance  
'Cause I won't let you seize this moment, it's my destiny

You just wanna see me, broken, broken, goodbye  
You just wanna do me open, open from the inside  
Know you wanna see me losing all my mind  
You keep wishing on a star, it ain't your night  
I'll never be broken, broken, goodbye, goodbye

Ooh-ooh, ooh-ooh  
I'll never be broken, broken

You wanna see me head into knee, broken down  
But I won't fold, I won't fold, no  
You wanna mess with my head make me spin around  
But I can't let you do this to me

You just wanna see me, broken, broken, goodbye  
You just wanna do me open, open from the inside  
Know you wanna see me losing all my mind  
You keep wishing on a star, it ain't your night  
I'll never be broken, broken, goodbye, goodbye

Ooh-ooh, ooh-ooh (goodbye)  
I'll never be broken, broken, goodbye (goodbye), goodbye
