

## Don't Go

Pink Sweat\$

Take a break just fall  
Stay the same don't change your flaws  
Strike a vein in my heart  
All this pain that you're gone  
Got me feelin' alone  
Not the same but it's perfect  
Keep your love  
Get a little dirty, oh

You keep me alive, alive  
You're etched in my mind  
Don't go  
Tell me it's alright, alright  
Forever you're mine  
Don't go  
Baby just stay

No camouflage can change it  
You see me shining through  
No matter where you're standing  
My every color's true  
So why'd you mess me up for  
Why'd you leave me blue  
At times I think I'm crazy  
Crazy for loving you  
If you're pulling me back  
Better push you away  
But still you're tempting me to stay  
When you claim you'll do better  
But I don't see change  
Still you say

You keep me alive, alive  
You're etched in my mind  
Don't go Don't go  
Tell me it's alright alright  
Forever you're mine  
Don't go

You keep me alive alive  
You're etched in my mind  
Don't go  
Tell me it's alright alright  
Forever you're mine  
Don't go  
Baby just stay
