

Drama

Pink Sweat\$

Yeah

Drop top, drop top

Had a dream I was riding 'round the city in a drop top

Wrist watch, wrist watch

Had a dream I just copped a new rollie don't tik tok

Pour it up, pour it up

Dom Perignon drinkin' out the big cup, yeah

Roll it up, roll it up

Pass it all around 'cause it's all love

Real ones surrounding me

Good vibes is all I need

Yeah I know they wanna see me low

For reasons I won't know

But I got some real hitters with me, and they might shoot (shoot, shoot, ooh ooh)

I got some real things on my mind, and no it ain't you (ain't you)

No I don't want no problems, I got dreams I ain't fall from (ooh ooh)

But I got some real hitters with me, and they might shoot (might shoot)

Don't move

Boss things, boss things

Young man out here doing boss things, yeah

Big dreams, big dreams

Mama said "Son, you 'gon do big things"

You just gotta you just gotta go get it

Money piling up like we 'boutta go swimming

Gotta play the game like you the only one in it

Oh yeah

Real ones surrounding me

Good vibes is all I need

Yeah I know they wanna see me low

For reasons I won't know

But I got some real hitters with me, and they might shoot (shoot, shoot, ooh ooh)

I got some real things on my mind, and no it ain't you (nah it ain't you)

No I don't want no problems, I got dreams I ain't fall from (ooh ooh)

But I got some real hitters with me, and they might shoot (might shoot)

Don't move

Drop top, drop top

Had a dream I was riding 'round the city in a drop top
