

For Me

Pink Sweat\$

The moon don't shine bright like this often
Love pouring out like a faucet, reviving me
That pain make you cautious
And my shoes, they got mileage
My back on that wall and I'm still standing tall
'Cause even in the darkness I can see

What's for me's for me
It's mine, it's mine
It's so clear to see
So clear to see, yeah, I know what's for me's for me

It's mine
It's mine

Who am I to stop
When there's kids on the block looking up to me?
Made it look good when it was ugly
Dolce and Gabbana but the trauma still be haunting me
Add a couple commas, lead the whole gang comfortably
Know my true to mama feel like pain ain't need my company
Said I only make up time for what I want and that's what stuck with me
Hope you see the picture that I'm painting of this money tree
Trying to keep the balance, that's what humble me

I'm feeling godly
I break the chains that confine me
Light live inside me
So even in the darkness I can see what's for me's for me

What's mine is mine
It's so clear to see
So clear to see, yeah
I know what's for me's for me

It's mine (Oh, it's mine, it's mine)
It's mine

Blessings to my enemies
(It's mine) I hope that they all can see
I'm right where I'm supposed to be, yeah (It's mine), yeah
Blessings to my enemies
(It's mine) I hope that they all can see
I'm right where I'm supposed to be, yeah (It's mine)

Blessings to my enemies
I just hope they all can see
I'm right where I'm supposed to be
What's for me's for me
