

Icy

Pink Sweat\$

Fly like a jet plane
Icy in my blood, I can never change
Diamond in my soul, I can never break
Pinkie off the glass, really change the taste

I just wanna kick it with my crew
They just want the lights like ooh-ah
Feelin' like the world is mine
Walkin' with a new step (Hey, hey, hey)

I'm just too cold, icy
From my head to toe, they like me
I'm just too cold (Yeah), icy
Only way I know (Yeah)
I'm just too—

Smooth like a finger wave
Wash me with that tide, I can never fade (Never ever)
Even at my lows, smile still on my face
Pinkie off the glass, really change the taste

I just wanna kick it with my crew
They just want the lights like ooh-ah (Want the lights like ooh)
Feelin' like the world is mine (World is mine)
Walkin' with a new step (Hey, hey, hey)

I'm just too cold (Yeah), icy
From my head to toe (From my head to toe, woah), they like me
I'm just too cold (Way too cold, yeah), icy
Only way I know (Only way I know, yeah)
I'm just too—

I'm just too cold, yeah
Touchin', might freeze up
I'm just too cold, ah

I'm just too cold (Yeah), icy
From my head to toe (Ooh, yeah), they like me
I'm just too cold (Yeah), icy
Only way I know (Only way I know, yeah)

I'm just too cold (I'm just too cold), icy
From my head to toe (From my head, my head to toe)
They like me
I'm just too cold (Yeah), icy
Only way I know (Yeah)
Only way I know
Baby, I'm just so cold
