

Where God Went Wrong

Pink Turns Blue

Trying too hard
To make sense of it all
Get stuck at the point
Where God went wrong
Some things I pray for
It's getting dark inside
Not happy as such
But such is my life inside

The Crayving's gone

Can't watch this world
Without closing my eyes
Ain't about love
This is about noise
Fooling around
Till the end of my days
A hell of a party
Though I know you're not here

The Crayving's gone

Where God went wrong
