

# Hate Me

Pink

Victim, such a perfect victim  
Living in this prison  
Most, they would kill themselves  
To be in here with me  
But you blame me  
Don't you love to shame me  
Everything you fucked up, failed at  
Broke or lost and it's all my fault  
But I know it's not

So hate me, hate me  
I'm the villain you made me, made me  
I'm the monster, you need me, need me  
Or it's all on you  
Oh no, here we go, welcome to the shit show  
Hate me, hate me  
I'm the villain you made me, made me  
I'm the monster, you need me, need me  
Or it's all on you  
Oh no, here we go, light it up and let it go

I'm not your bitch  
Wanna light me up like an evil witch  
For my exit  
How I disappear, it's my magic trick

A deflection  
From your true reflection  
And you just get hazier and blurrier  
The more time ticks along  
Bad guy, I'm the perfect bad guy  
She's a nut, she talks too much  
She's loud and drunk  
Let's take her down a size

So hate me, hate me  
I'm the villain you made me, made me  
I'm the monster, you need me, need me  
Or it's all on you  
Oh no, here we go, welcome to the shit show  
Hate me, hate me  
I'm the villain you made me, made me  
I'm the monster, you need me, need me  
Or it's all on you  
Oh no, here we go, light it up and let it go

I'm not your bitch  
Wanna light me up like an evil witch  
For my exit  
How I disappear, it's my magic trick

I'm not your bitch

Oh hate me, hate me  
I'm the villain you made me, made me  
I'm the monster, you need me, need me  
And it's all on you, oh

So hate me, hate me  
I'm the villain you made me, made me  
I'm the monster, you need me, need me  
Or it's all on you  
Oh no, here we go, light it up and let it go

I'm not your bitch  
Wanna light me up like an evil witch  
For my exit  
How I disappear, it's my magic trick  
I'm not your bitch  
Hate me, hate me  
Wanna light me up like an evil witch  
Hate me, hate me  
For my exit  
How I disappear, it's my magic trick
