

# Last Call

Pink

Ha, ha, ha, ha, ha, ha, ha, ha  
Ha, ha, ha, ha, ha, ha, ha, ha

I wanna stay  
Shelter in place  
And I'm there beside you  
We're the sun and the moon  
We're glitter and glue  
As long as I can find you

I can see angels, they're walkin' and talkin'  
But nobody's listening, the whole sky is falling

I'm scared like hell has found us  
I see halos all around us

Last call before the world ends  
Right before the avalanche  
Last shot for us to make amends  
Do you think I could have this dance?  
It's all just a game, a game of chance  
Oh, oh, oh  
Last call before the world ends  
Mm, and we'll all be like

Ha, ha, ha, ha, ha, ha, ha, ha  
Yeah, and we'll all be like  
Ha, ha, ha, ha, ha, ha, ha

So here's to the fears  
And happy tears  
What would I do without you?  
Let's not go home  
Let's not die alone  
That's what it all comes down to

It sure was good while it lasted  
Right now we're fuckin' blasted

Last call before the world ends  
Right before the avalanche  
Last shot for us to make amends  
Do you think I could have this dance?  
It's all just a game, a game of chance  
Oh, oh, oh  
Last call before the world ends  
Mm, and we'll all be like

Ha, ha, ha, ha, ha, ha, ha, ha  
Yeah, and we'll all be like  
Ha, ha, ha, ha, ha, ha, ha, ha  
Yeah and we'll all be like

Hold on  
Dance with me  
Hold on  
Dance with me

Hold on  
Dance with me  
Hold on  
(Ah, bartender?)

Last call before the world ends  
Right before the avalanche  
Last shot for us to make amends  
Do you think I could have this dance?  
It's all just a game, a game of chance  
Oh, oh, oh  
Last call before the world ends  
Yeah, and we'll all be like

Ha, ha, ha, ha
