

# Love Me Forever

Pinkshift

I'll inspire your worst nightmare  
Live in fear of what I write  
I don't hear anything when I know you're calling  
All my thoughts not being answered  
It's a lot but all I feel is anger  
And I don't want it to be all that you see  
About me

I don't know what it is with you and wasting my time  
Seems your bark is so much bigger than your bite

Foggy street lights favorite windows  
You'll go anywhere to run from here  
Call it clarity, or insanity  
Was there ever more to witness  
Was there ever more to know  
Feeling selfish, feeling helpless, feeling all alone

I don't know what it is with you and wasting my time  
Seems your bark is so much bigger than your bite  
Play hide and seek, not much to be no room to hide  
Unwind, the answers that you seek aren't yours to find

Love me forever  
Love me forever

Love me forever  
Love me forever

Love me forever  
Love me forever

I don't know what it is with you and wasting my time  
Seems your bark is so much bigger than your bite  
Play hide and seek, not much to be no room to hide  
Unwind, the answers that you seek aren't yours to find
