

## Vacant

Pinkshift

I hate you and your vacant stare  
Why do we never go anywhere  
From someone filled with deep despair  
I wish I could revive some feeling  
Survive this feeling

'Cause I don't wanna wait  
I don't wanna wait  
For a better day, something's gotta change  
I'm not gonna wait, no

Together but you're never there  
You're swallowed by your next temptation  
Are you so unaware?  
I wish I wasn't so impatient  
Yeah, I'm impatient  
Now I'm impatient

Cause I don't wanna wait  
I don't wanna wait  
For a better day, something's gotta change  
I'm not gonna wait

Don't you push it all away  
Cure what's ailing you today  
Living in your world  
Make it all your own  
They can't stop you, no  
Something's got to change to see a brighter day

My dreams will never fade  
They're my reality  
And I'm gonna feel the rain  
I'm never gonna let the pain take that away
