

Fear Is Just a Feeling

Pipes And Pints

Broad ripple riverside
Fake ID and liquor fights
Stealing cars and pawnshop dealing
It reveals my inner feeling
I'm a clown with a frown
Your disgust is my crown
Adrenalin and fire play
I turned and burned the fear in me

Fear is just a feeling
That's deep inside of you
Confusing and abusing
those feelings inside you
Fear is just a feeling
Playing games with you
Fear is just a feeling
Deep inside of you

Scream and shout tattooed skin
Fear is born without within
Eye fucked by society
we all get fucked by society
Fear could come on any day
Mind wrestle knuckle play
Nightmares and bloody pay
Release the anger burn the fear

Fear is just a feeling
yeah that's deep inside of you and me
Don't struggle with anxiety
Tell your fear I'm your enemy
Fear is just a feeling
