

bluetooth

Piri & Tommy

Baby, turn your Bluetooth on so I can send some
Love

Well, he's got heart and I'm tryna connect via Bluetooth
It's turned on and it's definitely in range
I press start and it loads faster than I'm used to
The connection was successful, so I'ma stay

Baby, turn your Bluetooth on so I can send some love
Put your heart in pairin' mode and let me send some love
Baby, turn your Bluetooth on so I can send some love
Put your heart in pairin' mode and let me send some love

Well, if we're talkin' 'bout the past, babe
Tried to fill in the holes with the wrong shapes
Got my cables crossed, it gave me heartache
And I was always troubleshootin', but I'd always end up losin'
myself
At some tangle in the phone line
There was treacle cloggin' up my disc drive
And it heavy messed up all the load times
So I couldn't trust anyone I was pluggin' myself into

'Til you cracked the code, you slowly showed the hope of a conn
ection
So I'm lettin' go to grab and hold onto you, the one exception
(Pretty please)

Baby, turn your Bluetooth on so I can send some love
Put your heart in pairin' mode and let me send some love
Baby, turn your Bluetooth on so I can send some love
Put your heart in pairin' mode and let me send some love

Let me send love
Let me send love, yeah
Let me send love, let me send love
Let me send love
Let me send love, yeah
Let me send love, let me send love

Well, he's got heart and I'm tryna connect via Bluetooth
The connection was successful, so I'ma stay
