Piri & Tommy

Head fuck
Mess me up
Put me in the ground
You're a hardcore
Criminal
Turn it all around won't you
Let me breathe baby
Let me breathe

Head fuck
Mess me up
Put me in the ground
You're a hardcore
Criminal
Turn it all around won't you
Let me breathe baby
Let me breathe

Ooh, we gotta make it work out
So let's work out a way
We can get to work now
Who knows how it's gonna turn out?
We can turn it around
But it's not my turn now

Gonna have to shape up
After you treated me so unkind
Oh boy
We could kiss and make up
But you never make up your mind

Head fuck
Mess me up
Put me in the ground
You're a hardcore
Criminal
Turn it all around won't you
Let me breathe baby
Let me breathe

Head fuck
Mess me up
Put me in the ground
You're a hardcore
Criminal
Turn it all around won't you
Let me breathe baby
Let me breathe

Head fuck

Alright, alright

Hardcore criminal, convo minimal, side eye visible
Lemme just get this right
Cause I been looking your way all night
All night

We could get vino, pinot, anything you're wanting
Know that you're sick of me fronting
Head fucked like the bass line jumping
What's on my mind? Just one thing
Lemme not say that yet
Waste your time I'ma pay that debt
But she ain't never needed a man to save her
Been in a rave off jager
Said I'm not her type on paper, be belling her later
Like what's the move?
Can't we just start the groove?
Can't we just start the groove?

Head fuck
You needn't be brutal
I know you would never have the courtesy

Head fuck
You rip up the rule book
Am I bound to deal with this eternally?
Hey
