

See you sitting in your bedroom
Dresses in my perfume
Blowing me up, oh, oh
I've been looking in your headspace
Photos in your phone case
I know it's true love, oh, oh

I hope you think about me in the night time (night time, baby)
You're only with a woman like me once in a lifetime (lifetime)

Tell me, do you see it now?
Can you handle the truth?
Oh, why would a girl like me wanna settle for you?
Tell me, do you see it now? (Tell me, do you see it now?)
Can you handle the truth?
Oh, why would a girl like me wanna settle for you?
(Why would I settle for you?)
Loser

Tell me, do you see it now? (Tell me, do you see it now?)
Why would I settle for you? (Why would I settle for you?)
Tell me, do you see it now? (Tell me, do you see it now?)
Why would I settle for you? (Why would I settle for you?)
