

## Disaster

## Pissing Razors

Read between my eyes  
What do yo usee a vision of cries  
Forces coming down, straight from above

Final Judgement day will come and rid

No turning back, nowhere to hide  
This day is all you'll know

Melting skin the stench of blood  
As you watch it seep into your skull  
Melting skin the stench of blood  
As you watch it seep into your skull

Look around and you will see  
This is now your destiny  
Look around and you will see  
This is now reality

I am demon...

Face this world alone  
Now you see what has become  
Man created this
