

# Goodnight And Goodbye

Pixie Lott

You've been sittin' on the fence too long  
You're giving me bad vibes  
You've come from the wrong side  
Remember the time you said you'd come along  
But you never showed up  
Still you've never grown up  
Won't hurt me to say...

Goodnight, goodbye  
Baby, we're done  
Cause you're too fly  
Wastin' the love that you're givin'  
Baby, I ain't livin' a lie  
So goodnight and goodbye

Now, you say you were only into to me  
But that's not the truth, yeah  
Cause I see the proof, yeah  
I saw you eyein' up the girl next door  
If that's how you play it, all I can say is  
You proved me right...

Goodnight, goodbye  
Baby, we're done  
Cause you're too fly  
Wastin' the love that you're givin'  
Baby, I ain't livin' a lie  
Goodnight and goodbye  
Goodnight and goodbye

Goodnight, goodnight and goodbye  
Goodnight, goodnight and goodbye  
Goodnight, goodnight and goodbye

You've been sittin' on the fence for too long  
But you're outta time

Goodnight, goodbye  
Baby, we're done  
Cause you're too fly  
Wastin' the love that you're givin'  
Baby, I ain't livin' a lie  
Goodnight and goodbye

Goodnight, goodbye  
Baby, we're done  
Cause you're too fly  
Wastin' the love that you're givin'  
Baby, I ain't livin' a lie  
So goodnight and goodbye

Goodnight, goodbye
