

Happy

Pixie Lott

The road is long
Don't know the way
But I know
We're gonna to get there
And when the sun
Don't wanna stay
I know we're gonna make it
The little things
Are all I need
And they make me remember
Something good's about to happen

There's something magic
In the way
You say my name
I know
I'll never be same

There's food on the table
And leaves on the trees
And I'm as happy
As I can be yeah
The birds are high and flying free
And I'm as happy
As I can be
Baby, now you're with me
Baby, now you're with me

I'm never coming
Down to earth
Cause you're the air I breathe (air I breathe)
And I won't ever go without
When you are all I need (all I need)
Whenever things get in the way
It doesn't worry me
'Cause something good is gonna happen

There's something magic
In the way
You say my name
I know
I'll never be same

There's food on the table
And leaves on the trees
And I'm as happy
As I can be yeah
The birds are high and flying free
And I'm as happy
As I can be
Baby now you're with me
Baby now you're with me
Baby now you're with me

There's something in the way
We let it go
Let it all go

Let it all go
No, we don't know the answers
How boring would it be if we did?
All I know
Is when I let go...

There's food on the table
And leaves on the trees
And I'm as happy
As I can be
The birds are high and flying free
And I'm as happy
As I can be
The stars are out
For all to see
And I'm as happy
As I can be
Baby, now you're with me
Baby, now you're with me
Baby, now you're with me
I'm as happy
As I can be
