Ocean

Pixie Lott

A C C/G

```
          A
There's an ocean
C                C/G
pouring from my eyes
          A
Build a boat and
C                C/G
catch the rising ride
         A
I'm so over yesterday
C                C/G
Now just watch me sail away
         A
On this ocean
C                C/G
All the tears I cried

         A
It's deep in the night
C             C/G
I miss you most
         A
That's my worst time
C                C/G
Gotta reach for the light
         A
Killing the shadows
C                C/G
Of that other life

A                C
Echoes round my mind forever
C/G
I thought we would stay together
A                C                 C/G
Now I've gonna kiss it all goodbye

          A
There's an ocean
C                C/G
pouring from my eyes
          A       C             C/G
One emotion rising like the tide
    A             C
And there's nothing I can say
          C/G
As I watch you drift away
         A         C         C/G
On this ocean every tear I cry

Look what life did to me
I'm lucky to get out alive
The wound goes so deep
I took a bullet when you left my life
```

Echoes round my mind forever
I thought we would stay together
Now I've gonna kiss it all goodbye

There's an ocean
Pouring from my eyes
One emotion rising like the tide
And there's nothing I can say
As I watch you drift away
On this ocean every tear I cry

(Can't stop ocean of my tear drops Rise up ocean of my tear drops)
Oh- Can't stop ocean of my tear drops
Rise up

There's an ocean
Pouring from my eyes
One emotion since we said goodbye
I'm so over yesterday
Now just watch me sail away
On this ocean every tear I've cried
